Subject: Can you help nudge the LUB GWMA letter?

Hi Chris –

We've been tracking the HQ review of the LUB GWMA letter. OGC and OECA had cleared our version, but OW had substantive comments. OGC evidently reviewed those OW comments and were recommending that the R10 letter stand as we sent it in (ie. they didn't agree with OW comments). We have not seen Dave Ross's comments. Evidently OGC was going to communicate that to OW, but we seem to be stuck.

Can you reach out to David Fotouey, Dave Ross and Susan Bodine to confirm that we are now cleared to send our version to the States? The clock is ticking, both on the overall petition and on timely follow-up to our state conversations earlier in the spring.

Thanks.

-L
